5 yrs.

FEATURES

EZ Latch Aluma Drawers

Double latch system keeps drawers securely locked during transport. Automatically latches when closed.

Work Bench Bumper

Our 24" deep work surface provides an ideal area to do repairs along with underside storage compartments. Options include a vise mount, long bar storage and protective bed spray coverings.

Accessories

Air compressors, welders, generators, parts bins, shelving and exterior lights are just some of the optional accessories available to you to make your service truck more versatile.

Pressurized Storage System

Keep your parts and tools dust and moisture free! Reduce corrosion and contamination of critical hydraulic parts.

crane or no crane...

Not every application needs a crane! But if it does, you'll need one that's **RELIABLE, STURDY and DEPENDABLE!**

With a maximum reach of 24 ft and lift capacities from 3000 lb. ~ 14,000 lb. these all hydraulic operated cranes provide you infinite control and reliable service over the years.

Choose an optional wireless control for even greater mobility.
