Maintainer Service Bodies

Maintainer Corporation of Iowa, Inc. manufactures custom-built one and two ton service bodies to fit our customer's specific applications and specifications. All Maintainer bodies are constructed of galvaneal steel and are equipped with single piece constructed aluminum doors to avoid corrosion. These bodies feature gas shock door holders, D-ring latches, and 1/8" deck plate for added reinforcement. An outstanding list of options include: heavy duty roll-out drawers and trays, fixed and adjustable shelving, air compressors and generators, tall oxy/act storage, pressurized storage system, center deck slide covers, flush mount tie downs, Durabed® protective spray, workbench bumpers, interior and exterior lighting packages, as well as a full complement of add-on equipment.

The Signature Series by Maintainer consists of four body types; **Signature 1** - A 11 ft. 1-ton body with a 6000 Series tall tower hydraulic crane rated at 6,350 lb. and 24 ft of reach, hydraulic outriggers, a 59 in. tall oxy/act compartment, 26 in. work bench bumper with vise mount, 4 tie downs, closed-center load sensing hydraulic system, 40 CFM hydraulic air compressor, and Maintainer's exclusive EZ Latch Aluma® drawer system. **Signature 2** - A 11 ft. 2-ton body with a 6000 Series tall tower hydraulic crane rated at 10,000 lb. and 24 ft. of reach, hydraulic outriggers, oxy/act storage, welder mount angles on top street side rear, 26 in. work bench bumper with vise mount, 4 tie downs, closed-center load sensing hydraulic system, 40 CFM hydraulic air compressor, and Maintainer's exclusive EZ Latch Aluma® drawer system. **Signature 3** - A 14 ft. 2-ton body with a 12000 Series tall tower hydraulic crane rated at 12,000 lb. and 24 ft. of reach, hydraulic outriggers, oxy/act storage compartment, welder mount angles on top street side rear, deck plate overlay, 26 in. work bench bumper with vise mount, 6 tie downs, closed-center load sensing hydraulic system, 40 CFM hydraulic air compressor, and Maintainer's exclusive EZ Latch Aluma® drawer system. **Signature 5**- A 14 ft. 2-ton body with a 10000 Series tall tower hydraulic crane rated at 10,000 lb. and 24 ft. of reach, hydraulic outriggers, a closed-center load sensing hydraulic system, 40 CFM hydraulic air compressor, hydraulic driven oil and EVAC kits, 4-100 gallon product tanks, and 5 and 7 EZ Latch Aluma® drawer sets.

Maintainer has been building premium quality standard and customized service bodies, lube bodies and cranes since 1976. For more information on other fine Maintainer products, call 1-800-831-8588 for the dealer nearest you or visit our website at www.maintainer.com.
