

Maintainer

Serving the Needs of Utilities & Municipals

YOUR TRUCKS
YOUR WAY

No two jobs are ever alike, and the same goes for the people who take them on. That is why Maintainer products are designed with you in mind.

Maintainer bodies are constructed with only the highest quality materials, and have the industry's best features, to give you a total package: Quality, Value, and Productivity.

Features include: 12 GA. A60 galvanized construction to resist corrosion, durable aluminum doors 3/16" thick, cabinet floor reinforcement w/ clean-out drains, three point D-ring door latches w/ gas shock door holders, infinitely adjustable shelving, 49" wide center deck overlaid with deck plating, 10" swing-down tailgate, 12" deep, full body width, step bumper w/ 2" square Class IV hitch receiver (1,500 lb. vert & 10,000 lb. MGTW), 7-prong flat blade (RV style) trailer plug, fuel fill recessed into body side rail (1-ton only), all bodies primed and undercoated, I.C.C. round recessed lights, reflectors, mud flaps, and rear body grab handles, back up alarm, mini I.C.C. safety kit, and 2 1/2 lb. ABC fire extinguisher & hazard reflectors.
