The Maintainer Advantage

IMPROVED REAR BODY ACCESS & FUNCTIONALITY:

- Additional & larger handles are now standard.
- Improved rear access step.
- Rotated air reel door latch 180 degrees.
- Improved tailgate chain sleeves to braided mesh.
- Modified (2) rear safety chain hook location.

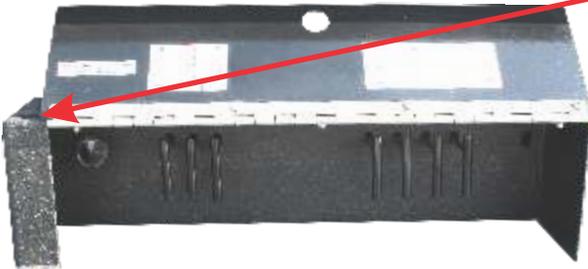

IMPROVED SWITCH PANEL DISPLAY

- Angled face for improved visibility with updated look.
- Easy access fuse panel with cover.

IMPROVED TEE HANDLE GUARD

- No longer requires handle to open cover. Easy single finger operation.
- Improved visibility of bubble gauge with cover open.
